

JORDAN EADY

DIRECTOR OF PHOTOGRAPHY | FAA Drone Licence Pilot

LOS ANGELES . 213.921.0264

Jordan studied film at the University of Western Ontario, Emily Carr Art Institute and Vancouver Film School, before setting out as a director of photography. Before long, Jordan had traveled the world – working on both commercial projects (Nike, Telus, Audi etc.) documentaries and Gemini award – winning television shows for NETFLIX, Food Network, Travel, CMT, ESPN, NBC/Universal Esquire network, MTV and Amazon Films.

When not on the road shooting, Jordan roosted at LifeCapture Interactive and Motorcycle Productions – two companies he started with a few good friends that employed over 30 staff before being bought out by Venture Communication in 2009.

After the acquisition, Jordan was asked to head up the content division with his brother Joshua: they overlooked all broadcast production as producers.

Most recently, Jordan and his brother Joshua have moved on from Venture Communications to form a production company called Eady Bros. Productions. Together they created their hit series “Boundless” an adventure docu-series that followed around 2 endurance racers competing in some of the hardest races on the planet, there are very few places in the world that Jordan hasn’t filmed in, he is also PADI certified and has his FAA Drone Pilot License. “Boundless” aired 3 seasons on NBC/Universal Esquire network. Jordan has spent the past 5 years as an Executive Producer, Co-Director and Director of Photography for 30 x 1hr episodes of “Boundless”. Jordan currently works in Los Angeles working as a Director / Director of Photography for series with NETFLIX, MTV, NBC, Amazon, TRAVEL and Kevin Hart LOL platform.
